What is Big Bass Crash?

At its core, **Big Bass Crash** is a social multiplayer "crash" game. If you have actually ever played titles like *Aviator* or *Spaceman*, the fundamental mechanic will feel familiar. Rather of spinning reels and awaiting paylines to line up, players watch an angler set sail on his boat. As he cruises across the screen, a multiplier starts ticking up from 1.00 x.

The objective is easy: squander your earnings before the fisherman's net breaks, or his boat crashes. If you cash out in time, you multiply your original stake. If the crash occurs before you struck the button, your bet is lost.

Maintaining the iconic visual design, sound impacts, and pleasant banjo tunes of the original *Big Bass Bonanza*, this title successfully bridges the gap between standard slot enthusiasts and contemporary crash-game players.
