What is Crazy Time?

Unlike standard casino video games where gamers bet your house in seclusion, Crazy Time creates a common environment. Thousands of players from around the world can take part in the exact same round, chat through the live user interface, and commemorate (or sympathize) together as the wheel spins.

Basic Game Mechanics

The core of the game is the 52-segment wheel. Gamers put bets on where they think the wheel will stop. The sections on the wheel consist of:

- Numbers: 1, 2, 5, and 10
- Perk Rounds: Cash Hunt, Pachinko, Coin Flip, and Crazy Time

Before every main wheel spin, a leading slot above the wheel spins all at once. This leading slot appoints a random multiplier to one of the bet sections (either a number or a reward game). If that segment hits on the main wheel and is matched with the multiplier, all profits for that sector are increased appropriately.
