Can you legally purchase a Swiss driving license?The short answer is **no**. Switzerland operates among the most secure and tightly managed civil registration systems in the world. Driving licenses are issued exclusively by cantonal traffic workplaces (*Strassenverkehrsamt/ Service des vehicles*) after a private meets stringent legal, theoretical, and practical requirements.

Here is why attempting to buy a license online is a harmful undertaking:

To protect oneself legally and financially, the only genuine method to protect a Swiss driving license is to follow the established legal path.
