What is Big Bass Crash?

At its core, **Big Bass Crash** is a social multiplayer game of chance. Instead of spinning reels to match symbols throughout paylines, gamers view an animated fisherman draw in a web. As the web rises, a multiplier climbs up higher and greater.

The objective is simple yet nerve-wracking: **cash out before the net breaks (the "crash")**.

If a gamer squanders in time, they win their initial stake multiplied by the present value on the screen. If the net breaks before they squander, the bet is lost. Pragmatic Play took its renowned, cherished fishing visual-- complete with pleasant water sounds, bouncing fish, and the familiar bearded angler-- and effectively adjusted it into the high-octane crash video game format.
