5 Tips For Spring Cleaning

With warmer months just around the corner, spring cleaning isnt far away. Whether you want to clear some of the winter clutter or just feel like a change in scenery, spring cleaning can make it happen. Now is the perfect time to clean out the garage, basement and/or attic. If there are any items that you dont plan to use, this article will tell you how to get rid of them while making money doing it. As we all know, this can take a lot of work but a few simple tips can make your spring cleaning experience a breeze.Tip 1:If you are storing away your winter clothes, consider using large plastic storage containers that feature snap-on lids. These can be found in the house wares department at most stores and are very inexpensive. Storage containers are very important to keeping your clothes dust and discoloration free, which may otherwise be a problem if they are left hanging in the closet from one season to the next.Tip 2:When packing your clothes, roll them instead of folding. This not only eliminates creases and wrinkles, but also saves a lot of space. You will be able to pack a lot more clothes with this technique. Tip 3:Label your clothing containers as spring, fall and winter. This will help you to easily locate your wardrobe inside the closet. If you have any clothing that you dont plan to wear or simply have outgrown, consider donating them to a local goodwill or other nonprofit organization. Rather than tossing them out, your clothes can provide revenue for a worthy cause and help the less-fortunate to be able to afford clothing that would otherwise be unattainable.Tip 4:If you are looking to clear out some knick knacks or perhaps even some Holiday decorations in order to make room for new ones, consider a trip to the Hose Bros Inc local **Browse around this site** flea market. Everyone is looking for a bargain and they just may be looking for something that you no longer wish to own. A setup fee is usually required which, depending on the location, can be $10.00 to 20.00 per day. Otherwise, you can always sell items at internet auction sites, including Yahoo and eBay.Tip 5:With all of the changes that youre making, it may be time to switch to a lightweight vacuum. This will save from lugging around a heavier model and will glide across the floor with ease. Theres no use in completely wearing yourself out during spring cleaning, so try to make it as easy as possible.
