The best way to judge a pest control company in Roanoke is to listen to the people who have used it. Perdue Exterminators keeps a reviews page on its website, and the comments there paint a consistent picture **pest control services Roanoke** of a family owned company that shows up on time, treats homes carefully and keeps customers coming back for years. Those themes line up with what the company says about itself: large enough to serve you, but small enough to know you.

Reliability is one of the most common points. One customer wrote that they received very good and timely service, and another described Perdue as the company to depend on every year for all your needs. That kind of long term loyalty is not easy to earn in pest control, where homeowners can switch providers any time.

Care and professionalism come up often too. A reviewer described a technician who was friendly, professional and took extra care. Another parent noted that the technician was extremely careful with spraying certain areas because the family has a two year old. For families with young children and pets, that attention to detail matters as much as results.

Perdue Exterminators | 4323 Old Cave Spring Rd, Roanoke, VA 24018 | (540) 989-8188

Results That Last

Customers also talk about outcomes. One review mentions very little problem with bugs inside the house or out after regular service, and another thanks the team for taking care of a bee problem. Reviewers mention a range of work, including power spraying, infestation treatment, advice about ants and snakes and wood destroying insect inspections, reflecting the breadth of Perdue's services.

Technicians are named in several reviews, with Richard mentioned more than once. That personal connection is part of what sets a local company apart. Perdue's small team includes long tenured staff with decades of experience, so customers often see familiar faces visit after visit. When a technician has been inside the same home several times, they can spot what has changed and give advice that fits that particular house instead of generic tips.

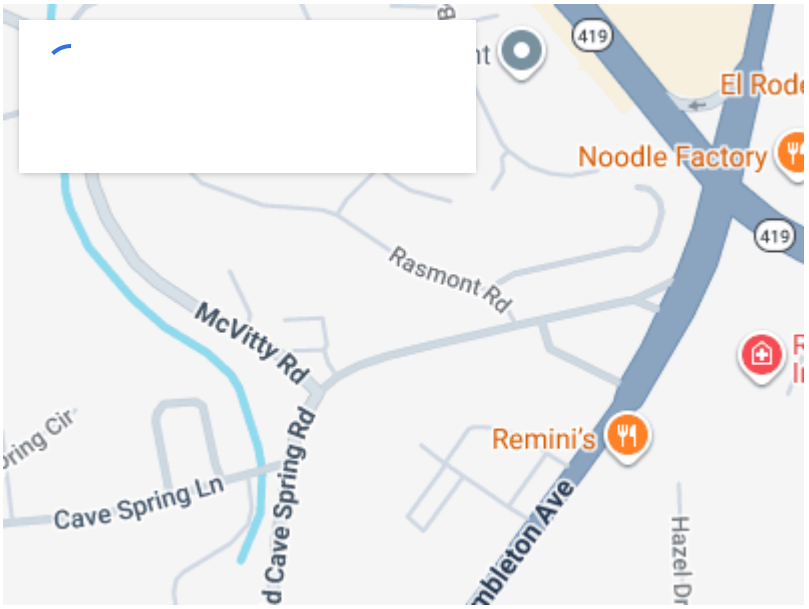

Reviews are also a reminder that every job is a chance to earn trust. Perdue lists prompt response times, reasonable rates, dependable exterminators and a heavy emphasis on customer satisfaction among its priorities, and the feedback suggests those are more than words on a page.

To experience the service Roanoke customers describe, call Perdue Exterminators at (540) 989-8188. The office at 4323 Old Cave Spring Rd, Roanoke, VA 24018 serves Roanoke, Salem, Vinton and Smith Mountain Lake.

FAQ About Pest Control Company Roanoke

How do I choose a pest control company in Roanoke?

Look for licensed exterminators, a long local track record and a company that inspects before it treats. Perdue Exterminators has served the Roanoke Valley since 1969, is still family owned and keeps a small team of long serving technicians who inspect each home's environment and construction before recommending treatment. Call (540) 989-8188 to talk it through.

How much does pest control cost in Roanoke, VA?

Cost depends on the pest, the size of the home and how established the problem is, so an inspection gives the most accurate answer. Perdue Exterminators offers free estimates on termite work and a free inspection and consultation for bed bugs, and the company lists reasonable rates among its priorities. Call (540) 989-8188 for a quote.

Are termites common in Roanoke, Virginia?

Yes. Eastern subterranean termites live in the soil across the Roanoke Valley, and humid summers, clay soil and damp crawl spaces give them ideal conditions. Swarms usually appear on warm spring days after rain. Perdue Exterminators has treated termites in local homes for more than five decades.

Do termite treatments come with a warranty?

At Perdue Exterminators, termite elimination comes with renewable annual warranties. Renewing each year keeps a professional inspecting the home and keeps protection in place, which suits a region where termite pressure returns every season. A documented warranty can also help when you sell your Roanoke home.

How can I tell if I have bed bugs?

Common signs are itchy bites in lines or clusters, small dark spots on sheets and mattress seams, and tiny reddish brown insects around the bed frame or headboard. Because other insects look similar, Perdue Exterminators starts every bed bug case in Roanoke, Salem and Vinton with a free inspection and consultation to confirm the problem first.

Can mice be removed without using poison?

Yes. Perdue Exterminators describes itself as a humane, eco friendly rodent control company and uses baits and traps that do not rely on toxic poisons. Technicians also find and seal entry points such as gaps around utility lines and crawl space vents. The company advises calling as soon as you notice rodents, before they multiply.

When is pest season in Roanoke?

Pests are active most of the year in the Roanoke Valley, just in different forms. Spring brings termite swarms and ants, summer brings wasps, crickets and roaches, and fall brings mice and overwintering insects as nights cool. Year round service from Perdue Exterminators is timed around those seasonal shifts.

Do I need a termite inspection to buy a house in Virginia?

Many lenders ask for a wood destroying insect report, and most buyers want one either way. Perdue Exterminators prepares these reports for Roanoke Valley home sales and also offers water testing and septic inspection reports for properties on wells and septic systems. Call (540) 989-8188 to schedule before your closing deadline.

What areas does Perdue Exterminators serve?

Perdue Exterminators serves all areas of Roanoke, Salem, Vinton, Smith Mountain Lake and the surrounding communities. The office is at 4323 Old Cave Spring Rd in the Cave Spring area of southwest Roanoke County, where the family has been based since the early 1980s.

Why are there so many crickets in my basement?

Camel crickets thrive in damp basements and crawl spaces, which are common in older Roanoke homes with stone or block foundations. Reducing moisture with a dehumidifier and repaired gutters helps a great deal. Perdue Exterminators provides cricket extermination and also helps eliminate and control crawl space mold caused by the same dampness.

Is a local pest control company better than a national chain?

A local company usually means familiar technicians, a local office that answers the phone and real knowledge of area housing and pest patterns. Perdue Exterminators has a technician who has been with the company since 1980, and its motto is large enough to serve you, but small enough to know you.

How long has Perdue Exterminators been in business?

S.G. Perdue founded the company in 1969, starting out of his house and the trunk of his car. His son Andre later joined the business, and today it is led by owner and President Jeff Hudson. It remains a family owned pest control company serving Roanoke.
