

Gemstar Detailing extends its professional detailing expertise to boats, serving Boise area watercraft owners throughout the boating season alongside the company's core auto [local ceramic coating](#) detailing work. Boat detailing addresses similar challenges to auto detailing, including exterior cleaning, protection, and interior surface care, adapted to the specific materials and conditions boats face. Given Idaho's popular lakes and reservoirs, boat owners throughout the Treasure Valley benefit from professional detailing to maintain their watercraft's condition and value.
