

Foundation cracks are often connected to basement water intrusion, and JLB Basement Waterproofing & Foundation Repair LLC addresses both issues together for a comprehensive solution in Des Moines. A crack that allows water intrusion may also indicate broader foundation movement, requiring assessment beyond simple crack sealing to determine if piling or other structural work is needed. JLB's team examines the specific pattern and location of cracking to determine whether the issue is primarily a waterproofing concern or a more significant structural one.

JLB Basement Waterproofing & Foundation Repair LLC | 97 Indiana Ave Suite #1, Des Moines, IA 50314 | (515) 717-8560

Addressing both the water intrusion and any underlying structural cause together helps prevent the same issue from recurring after a purely cosmetic repair. For basement waterproofing involving foundation cracks in Des Moines IA, contact JLB Basement Waterproofing & Foundation Repair LLC at (515) [JLB Basement Waterproofing & Foundation Repair LLC Basement Waterproofing](#) 717-8560.
