Many Arizona homeowners upgrading from a shower curtain to glass [Glass Shower Doors Glassbusters Inc.](#) shower doors cite easier cleaning, a more finished appearance, and better containment of water as key motivating factors. Glass shower doors are generally easier to clean than fabric curtains, which can develop mold and mildew issues more readily in Arizona's specific climate and water conditions. This upgrade also tends to increase a home's resale appeal, with glass shower doors visually expanding a bathroom's sense of space compared to a curtain enclosed shower.
